

The background features a repeating pattern of Crown Opto Base-3 LED strips. Each strip is shown in a perspective view, with two parallel lines representing the strip's length. On the left side of each strip, there is a small square component labeled 'Balt led' with a '+' sign. On the right side, there is a circular component labeled 'BASE-3' and 'DC12V'. The strips are arranged in a grid-like pattern, creating a sense of depth and repetition.

The diagram shows a cross-section of a cable joint. Two rectangular components are positioned on either side of a central cable. A dimension line with arrows at both ends indicates a distance of 150 mm between the inner vertical lines of these two components. The cable itself is shown with a break in the middle, indicated by two wavy lines.
